

Student's Leave at FOC

It has been noticed that trainees are going on very long leaves during their flying training period.

It is pertinent to mention that it requires lots of planning and efforts to keep entire batch on track as per their flying phase.

Entire progress plan goes for a toss when trainee suddenly plans to go on leave.

Henceforth to keep the training process smooth and on time, it is decided to implement the following policy for students leave:

- A) **30 Days to 60 Days** - Any trainee, who avails cumulative leave between 30 to 60 days will get automatically relegates to next junior batch.
- B) **Beyond 60 Days** - Any trainee, who avails cumulative leave beyond 60 days will get automatically relegate to two batches junior.

However, if any trainee intends to go on exam preparation leave (DGCA/RTR) after completion of 160 Hrs of flying, he/she is permitted to do so.
